

TECHFLOWZ

COMPANY PROFILE

About Us

TechFlowz LLC was established in 2007 under the name Gerelt Nagoon Tal LLC, initially focusing on agriculture and international trade. Over time, the company expanded into new industries, including video games, portable gaming laptops, gaming accessories, and heavy-duty vehicle suspension parts.

Our goal is to deliver high-quality, internationally recognized products to the Mongolian market while ensuring customers have access to the best solutions tailored to their needs.

Our Mission & Vision

We enhance the accessibility of the world's best gaming consoles, portable computers, and accessories in the Mongolian market

We provide internationally standardized suspension parts to ensure comfort and safety for long-haul transportation in Mongolia.

To make the world's best technology and transportation solutions more accessible to Mongolian consumers.

Core Values

Quality Products – We supply high-quality, internationally certified products to the Mongolian market.

Innovation & Technology – We introduce cutting-edge technology to Mongolian consumers.

Customer Satisfaction – Ensuring customers receive reliable and high-performance products is our top priority.

Transparency & Integrity – We value long-term, transparent business partnerships.
